- IBM Training – Intermediate

IBM RS/6000 AIX

- 10 Years Admin

Exchange Server

- 4+ Years Admin

Novel/Linux Servers

- 4+ Years Admin

PROFESSIONAL EXPERIENCE:**Price McGuire LLC - Charlotte, NC**

January 2009 – Present

Co-Owner/Developer/Programmer

- Teamed with Julie Price to develop data oriented Websites with content management features, allowing site owners to update and modify pages ad hoc. These sites use many features of Web 2.0 technology (ColdFusion, Flash, AJAX and CSS). Also, ColdFusion was used to collect site visitor data (name, email address ... etc.), for use in email marketing campaigns and provide end users/staff to manage their site content and look.

Freelance Programmer/Developer - Charlotte, NC

January 2005 – December 2008

Developer/Programmer

- Worked as a Freelance Programmer/Developer, working on data (ColdFusion) and JavaScript solutions for various web designs.

Brady Distributing Company - Charlotte, NC

April 1998 – December 2004

Senior Programmer/Developer - Information Systems (May 1998 - December 2004)

- My position was a hands-on position. This position was a combination of roles; I worked as the application programmer, Systems administrator, Database Administrator and integrated the IBM AIX RS/6000 system with our Windows Servers network, providing a cohesive network with common access to network resources.

- Managed all aspects of the 4 offices, through the central office in Charlotte. I worked with all managers and line employees to determine Data Processing and programming needs and worked with two other programmers to produce solutions spanning enterprise computing functions (i.e., Order Entry, Inventory Control, Order Processing, Shipping and Receiving, Warranty and Repair).
- Supervised all aspects of corporate information for main office and three branches with over 150 employees and total annual sales in excess of \$50 million. Worked with department heads to develop and implement integration of information throughout company.
- Installed and configured a CLARiiON RAID system and SAN to guarantee data storage integrity, data availability and improve system response/performance. .

EDUCATION:

Queens University of Charlotte – Charlotte, NC

December 2008

McColl School of Business – Master of Business Administration GPA 3.4/4.0

University of North Carolina at Charlotte – Charlotte, NC
